

March 1, 2016

Dear Mr. Trump,

Congratulations on all your endorsements and your many wins! Thanks again for informing America about President Eisenhower's and FDR's deportations I shared with you in my previous letters. I'm amazed my letters reached you!

Thank you also for enlightening the nation, December 8 that President Roosevelt also deported millions of illegal's. FDR did this as a liberal Democrat, not a Republican which should silence those who believe because you are Republican that only Republicans advocate deportation!

This should also demonstrate you are not focused on a "party" but that you're fighting for the life of this whole country which has nothing to do with "liberal" or "conservative" and their collective "politically correct" prejudices and self-serving strategies, manipulations and agendas.

The critics of your deportation plan of putting a moratorium on immigration are simply revealing their ignorance of American history. Every American should be cheering, supporting and standing with you in defense of America, its Constitution and freedoms. Freedom is a precious commodity that sometimes requires drastic measures to protect and preserve.

We should all take a lesson from British Leader, Paul Weston's wonderful video, "[My name is Paul Weston, I am a racist!](https://youtu.be/t2kKnzW4d8w)" at <https://youtu.be/t2kKnzW4d8w>. We should all be like Paul Weston and be proud to be a "racist" if we are willing to stand up and defend our country, our culture and our people! If we don't, who will? To be a "racist" is an absolute necessity if we love our country! We have been made to feel guilty for defending our own country by those who want to destroy this country. On the contrary it is mandatory and "politically correct" to stand up for our own people, our own race and our own country or we won't have a country! We can no longer afford to fall into the pit of being "politically correct"!

America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves.
Abraham Lincoln

If Americans studied their history instead of their own prejudices, biases and politically correct agendas they would understand that what you, Mr. Trump, recommend by putting a moratorium on immigration, has been done before. As I shared in previous letters, in the early 1800's the famous American inventor, Samuel Morse fought his whole life to **STOP the immigration** of unknown "hordes" into America.

Tragically, thousands are now invading America with the story that they are escaping tyranny in their country, when perhaps their true agenda is to cash in on our free handouts and/or to steal our country by populating it with their own race or religion. If they stayed in their own country, in their own culture, language and families and worked hard they could fight and defend against tyranny to save their own country. If they worked hard they could make their country a great nation just like Americans have worked hard to make America a great nation. America cannot use up its resources trying to be the savior, hospital, mental ward, police or prison to rehabilitate and save the whole world.

When inventor Samuel Morse saw America invaded in the 1800's by "hordes of Catholic immigrants" sent to America by the Catholic church to change this country from a Protestant nation into a Catholic nation, this is similar to Muslims today coming to America to make America a Muslim nation. Samuel Morse knew if we didn't close our borders it would eventually destroy this nation and it would only be a matter of time before we would witness the decline and fall of the American empire.

If we don't understand the ramifications of the following statement, we are deceiving ourselves....

"A Christian Iranian (Persian) has revealed that there are actually 1.6 million Muslims in America. They have been strategically placing themselves in high positions of power and influence--even placing janitors in crucially important buildings--all awaiting the time to strike. The Muslim power estimates that only one million committed Muslims are required to bring American down." We cannot afford to ignore these warnings. Amarillo is now so flooded with Muslim migrants that people are protesting with signs that say, "Muslims to Muslim nations. Christians to Christian nations", after crime in the 200,000 population of Amarillo, Texas, rose to the levels of Houston, Texas." They are correct. The only solution is to close our borders to open immigration. We need to first help people in our own country!

It is significant that on a list of 109 countries that have 100% gun bans, they all have significant murder rates. However, Switzerland is not on this list because they have a ZERO murder rate. The reason? They **REQUIRE EVERYONE** to (1) Own a gun and (2) Maintain Marksman qualifications regularly.

"Switzerland provides every citizen with 250 rounds of ammo yearly. One-hundred of that is used in yearly government MANDATORY Marksman qualifying for EVERYONE over the age of 10. Is there something to be learned from this? Gun bans and restrictions DO NOT WORK!!!!"

Aliens fugitives invading America today openly tell us that because every Muslim man has 4 wives who sire 28 children, in just a few generations they will outnumber us and this country will fall into their hands and become their country, under their control! They admit their plan is to also marry American women and breed children by our women who will soon all be wearing head coverings and be forced to practice a foreign lifestyle and observe religious laws that are totally alien to our Anglo Saxon, Protestant America.

Is it possible, as some believe, that the one in the White House today is bringing 100,000 Muslim refugees into this country as part of a plan to dissolve the Constitution to institute a third term dictatorship in the U.S.? In the movie, 2017 he said, "I promised my father, I will bring this country down." Only time will tell.

What is happening today is fulfilling the globalist's agenda to create a one world government, one world currency, one world religion, and one world race. Their plan is to mix all races together to populate the earth with one genetically modified brown race. However, race-mixing was forbidden by our Creator. He specifically commanded in Genesis 1 that every species of animals and humans were to marry and procreate "after its own kind" and "in its own likeness". Today, not only our food is genetically modified, but our pets are genetically modified from mixing various breeds. Humans are also being genetically modified through the interbreeding of diverse races to create the globalist's New Age One World Order mixed race.

In case you haven't read the speech Rabbi Emanuel Rabinovich gave before a special meeting of the Emergency Council of European Rabbis in Budapest, Hungary, January 12, 1952 that appeared in the Nov/Dec 2000 issue of Americas Bulletin, here are some excerpts. Some like to call this a "forgery", but his daughter, Rose Rabinovich states "it has already been fulfilled." She wrote "we are marching blindly into WW3 as lemmings off the cliff." One day we will wake up to discover we have blindly fallen into the hands of these "wolves in sheep's clothing" who are fulfilling their agenda to steal America from its Anglo-Saxon roots who civilized America and made it a great nation.

Rabinovich stated: "The goal for which we have striven so concertedly for three thousand years is at last within our reach, and because its fulfillment is so apparent, it behooves us to increase our efforts and our caution tenfold. I can safely promise you that before ten years have passed, our race will take its rightful place in the world, with every Jew a king and every Gentile a slave. We will openly reveal our identity with the races of Asia and Africa. **I can state with assurance that the last generation of white children is now being born.**

"Our control Commissions will, in the interest of peace and wiping out our interracial tensions, **forbid the whites to mate with white. The white woman must cohabit with members of the dark races, the white men with black women. Thus the white race will disappear, for mixing the dark with white means the end of the white man, and our most dangerous enemy will become only a memory.** We shall embark upon an era of ten thousand years of peace and plenty, the Pax Judaica, and our race will rule undisputed over the world. **Our superior intelligence will easily enable us to retain mastery over a world of dark people.**"

In *A Racial Program for the Twentieth Century* allegedly written in 1912 by Israel Cohen, it first gained public notoriety on June 7, 1957, during debate on the Civil Rights Act of 1957, when Rep. Thomas Abernethy of Mississippi read a reputed quotation from it into the **Congressional Record:**

"We must realize that our party's most powerful weapon is **racial tensions. By propounding into the consciousness of the dark races that for centuries they have been oppressed by whites, we can mold them to the program of the Communist Party.** In America we will aim for subtle victory. While

inflaming the Negro minority against the whites, we will endeavor to instill in the whites a guilt complex for their exploitation of the Negroes. We will aid the Negroes to rise in prominence in every walk of life, in the professions and in the world of sports and entertainment. With this prestige, the Negro will be able to intermarry with the whites and begin a process which will deliver America to our cause."

For those who claim it's an infringement of our "freedom of speech" to shut down "certain areas" of the internet to "stop the spread of terror", the protestors of this idea prove in their mindless short-sidedness they are more interested in their social media than in saving American lives.

"The notion that the Internet could be shut off is NOT completely off base. **Some countries have been known to shut off Internet service to their citizens in times of crisis. Egypt restricted the Internet during the 2011 Arab Spring uprising. Other countries block certain Internet services and sites.** Most Western countries, including the United States, regulate the Internet very loosely. There are few restrictions about what American citizens can do and say on the Internet. 'You have to make a distinction that **what he [Trump] is doing to save this country is good, not negative.** He is only asking for a shutdown of part of the internet not the whole internet.'" -Anonymous

This 1890 tombstone is actually in the Attica Cemetery, Harper County, Kansas. The 120 yr. old tombstone says it all regarding "this party of treason."

Our country began as a Republic. It was never to be a Democracy. It is said that once a country becomes a Democracy the next step is communism. Because our country is a Republic it needs a Republican Constitutional President especially considering what's coming to America. The two from Cuba running for President, as much as we like them and like their promises to reform the country, are both baby Americans from a Socialist/Communist background. How do we know they aren't change artists paid for and supported by their Socialist/Communist handlers to change America into a Socialist/Communist third world country? How can we risk putting new immigrants into the White House who may have no love for this country despite their impressive words. We must become "*wise as serpents and harmless as doves.*" *Matthew 10:16* and get over being gullible trusting Americans to our own detriment.

Socialist democrats believe and support policies that involve massive wealth transfer, massive taxation, and massive government interventions in banking, finance, and foreign wars. They also believe in open immigration. They are so deeply involved in appropriation and transfer by government coercion all the while they claim not to be Socialists, but beware. Their loyalties are not with this country. They may have no love for this country because the younger one admitted he would take in all the illegal's and refugees that want to come here. They simply want the power of the presidency to further whatever their true agendas really are!

You are the only one among the candidates who has the wherewithal, negotiation skills, experience and backbone to stop this dangerous takeover of our country. Now is the time to avert a total disaster coming to our country like in Europe! We need to be racists and be proud to stand up for our country if we want to save our Anglo-Saxon Protestant nation, save our people, and save our culture! If a Socialist, Fascist or a One World Order-promoting politician takes over the White House, it's all over for this country! It is nerve-wracking that most all the other presidential candidates fit one or the other category. May God save Anglo-Saxon Protestant America!!!

Stopping ALL immigration irrespective of race, religion, gender or political ideology avoids criticism of religious bigotry and/or racism versus isolating and closing immigration to just one particular group. Putting a moratorium on ALL immigration is justified since it is impossible to correctly distinguish good immigrants from bad immigrants. America must be defended to protect its citizens. That's why it's crucial

to **STOP** our Trojan Horse immigration into this country as Samuel Morse proposed 180 years ago. It's time our country listened to his and your warnings and just do it! There should be no time limit on a moratorium because America has a legal right, for as long as it takes, to put a stop to this influx of mystery refugees and immigrants. Deportations and stopping immigration is the only way to prevent enemies from entering America.

The law to stop immigration is already on the books:

Title 8, section 1182 of the US Code and Public Law Chapter 2 Section 212 [a]. Paragraphs 8,11,13,14,15,20,26,27,28,29. Immigration & Nationality Act of 1952 US Code 8, Section 1182, Sub-Section (f) Suspension of Entry or Imposition of Restrictions by President

Inadmissible aliens:

(f) Suspension of entry or imposition of restrictions by the President. Whenever the President finds that the entry of any aliens or of any class of aliens into the United States would be detrimental to the interests of the United States, he may by proclamation, and for such period as he shall deem necessary, suspend the entry of all aliens or any class of aliens as immigrants or nonimmigrants, or impose on the entry of aliens any restrictions he may deem to be appropriate.

We should not forget the first portion of the law:

"U.S. code: 1182 (a) Classes of aliens ineligible for visas or admission. Except as otherwise provided in this chapter, aliens who are inadmissible under the following paragraphs are ineligible to receive visas and ineligible to be admitted to the United States: (a) (3) (B) bb: **a political, social, or other group THAT ENDORSES OR ESPOUSES TERRORIST ACTIVITY;**

"Whenever the Attorney General finds that a commercial airline has failed to comply with regulations of the Attorney General relating to requirements of airlines for the detection of fraudulent documents used by passengers traveling to the United States (including the training of personnel in such detection), the Attorney General MAY SUSPEND THE ENTRY OF SOME OR ALL ALIENS transported to the United States by such airline."

If we remember, **President Roosevelt** put the Japanese in internment camps in the U.S. during WW2. Then, President Carter banned Iranians in 1979. The Constitution protects freedom of religion for U.S. citizens. But citizens of foreign lands have no constitutional right to migrate. And federal law gives a president broad powers in deciding who comes and who does not, especially in wartime. In 1924, Congress restricted immigration from Asia, reduced the numbers coming from southern and Central Europe, and produced a 40-year moratorium on most immigration into the United States. **"Its authors and President Coolidge wanted ours to remain a nation whose primary religious and ethnic ties were to Europe, not Africa or Asia."** This means he wanted our nation to maintain its Anglo-Saxon, Protestant heritage upon which and for whom this country was founded.

Michael Savage said, "A country is determined by its boundaries, culture and language." I would add, if a country has no boundaries and too many diverse races, cultures and languages, do you have a country or do you have chaos--a zoo? Different races, languages and cultures will **NEVER** peacefully co-exist together in the same country. It has never worked. History proves there is no country on earth that can survive very long when they become mongrelized.

"Once you allow for multiculturalism, like England has done, the death of your own culture is sure to follow. Mass immigration has left Britain an "unrecognizable" country that many people would not want to leave to their children and grandchildren, Nigel Farage has said. In one of his strongest attacks on immigration policy, he said the arrival of migrants has some British people feeling that parts of the country are now alien to them."

Multiculturalism is basically multi-disastrous for a nation!

It's unfortunate Emma Lazarus' poem became America's prophetic mantra which states, "*Give me your **tired**, your **poor**, your **huddled masses yearning to be free**, The **wretched refuse** of your teeming shore, Send this **homeless** tempest-tost to me."* The underlined words emphasize the predominate brand of people

coming into this country. Her poem was never voted upon, no referendum or plebiscite was put before the American people before it was engraved on the Statue of Liberty. So why is it there? Even as these words were penned, Americans were oblivious to the conspiracy that was already underway to make America a third-world country by accepting all the "wretched refuse" from shore to shore.

Those unfortunate words have become a recipe for turning America into what the One-Worlder's have planned for America for centuries. History is repeating that is fulfilling the biblical prophecies of Daniel and Revelation. There can be no unity among such diversity. This was made plain at the Tower of Babel when race, culture and language were separated. At this critical time, in order to make America great again, means stopping what is contributing to its downfall that represents a serious threat to America. Multiculturalism has never worked!

The following wise words come from a very surprising source:

"The West should pay attention...No wonder he was selected by Forbes as the most powerful person in the world!! This is one time our elected leaders should pay attention to the advice of Vladimir Putin. I would suggest that not only our leaders but every citizen of the USA should pay attention to this advice. How scary is that? It is a sad day when a Communist makes more sense than our LEADERS but here it is!

Vladimir Putin's speech - shortest speech ever. On August 04, 2015, Vladimir Putin, the Russian president, addressed the Duma, (Russian Parliament), and gave a speech about the tensions with minorities in Russia:

"In Russia, live like Russians. Any minority, from anywhere, if it wants to live in Russia, to work and eat in Russia, it should speak Russian, and should respect the Russian laws. If they prefer Sharia Law, and live the life of Muslim's then we advise them to go to those places where that's the state law.

"Russia does not need Muslim minorities. Minorities need Russia, and we will not grant them special privileges, or try to change our laws to fit their desires, no matter how loud they yell 'discrimination'. We will not tolerate disrespect of our Russian culture. We better learn from the suicides of America, England, Holland and France, if we are to survive as a nation. The Muslims are taking over those countries and they will not take over Russia. The Russian customs and traditions are not compatible with the lack of culture or the primitive ways of Sharia Law and Muslims.

"When this honorable legislative body thinks of creating new laws, it should have in mind the Russian national interest first, observing that the Muslims Minorities Are Not Russians."

The Prime Minister of Australia, John Howard, recently gave the following speech, "**Immigrants, Not Australians, must Adapt**":

"Muslims who want to live under Islamic Sharia law were told on Wednesday to get out of Australia, as the government targeted radicals in a bid to head off potential terror attacks. 'I am tired of this nation worrying about whether we are offending some individual or their culture. Since the terrorist attacks on Bali, we have experienced a surge in patriotism by the majority of Australians. This culture has been developed over two centuries of struggles, trials and victories by millions of men and women who have sought freedom. We speak mainly ENGLISH, not Spanish, Lebanese, Arabic, Chinese, Japanese, Russian, or any other language. Therefore, if you wish to become part of our society. Learn the language!"

"Most Australians believe in God. This is not some Christian, right wing, political push, but a fact, because Christian men and women, on Christian principles, founded this nation, and this is clearly documented. It is certainly appropriate to display it on the walls of our schools. If God offends you, then I suggest you consider another part of the world as your new home, because God is part of our culture. We will accept your beliefs, and will not question why. All we ask is that you accept ours, and live in harmony and peaceful enjoyment with us. This is OUR COUNTRY, OUR LAND, and OUR LIFESTYLE, and we will allow you every opportunity to enjoy all this. But once you are done complaining, whining, and griping about Our Flag, Our Pledge, Our Christian beliefs, or Our Way of Life, I highly encourage you take advantage of one other great Australian freedom, 'THE RIGHT TO LEAVE. If you aren't happy here then LEAVE. We didn't force you to come here. You asked to be here. So accept the country YOU accepted.' "

America needs a tough president! We must not forget, America is an **Anglo-Saxon Protestant nation**, because its settlers who civilized this country and established it upon the Laws of God were **Anglo-Saxon Protestants** having come to this country from England and Europe. They established Anglo-Saxon Protestant religion, English language, culture and traditions for this country. Our culture and language does not fit with a Mexican America, a Black Africa America, a Chinese America, a Japanese America, a Cuban/Latino America, or a Muslim America. America cannot adapt its lifestyle to suit all these diverse cultures and nationalities. Nor should it, if we want this nation to survive.

Anglo-Saxon America cannot continue to be this iconic "melting pot" if we want to save this country." The fact is, America cannot please everyone who comes to this country. It cannot and should not conform or convert its lifestyle, culture, religion and laws to fit such a diverse conglomerate of peoples, traditions and ideology. If our way of life is not acceptable to foreigners they should go where their own language, laws, religion and culture are practiced and are acceptable to them and not try to convert this country over to their way of life. This is not unreasonable. It simply makes sense if we want peace in the world.

The White House today is bringing 100,000 more Muslim refugees into this country. Why is he doing this? Is it part of a plan to dissolve the Constitution to institute a third term dictatorship in the U.S.? Only time will tell.

To open our border to all these invaders will totally strip America of its original identity, race, culture, ideals, laws and principles. The same thing is devastating European countries that have opened their borders to invaders. The long term consequences of this will inevitably change their identity and whole country. It is reported, "Many European nations — Germans, French, Swedes, Brits — appear to regret having thrown open their doors to immigrants and refugees from the Islamic world, who have now formed unassimilated clusters and enclaves inside their countries. Ought we not to consider what we're doing, before we continue down this road?"

This doesn't mean we don't like other nations or their people or that we can't work from a distance with them even though our cultures and language differ. Generous Americans love and care about people all over the world, evidenced by the billions of dollars we ship to countries that need our help. But that doesn't mean all nations and peoples should live cozily together in the same country. Each race and culture should carry on their own culture and traditions in their own county to preserve their own special and unique national and racial identity.

For the very same reason, we cannot offer just anyone who is not a bonafide generational American, whose roots do not run deep in the soil of America, the coveted job of President of this country. For instance, presidential candidates from communist stock will, naturally, have divided loyalties having roots and emotional attachments to their original countries. Each is too new to America to love and fight for a country that has only been their home for eighteen months or just a few years. Philosophically and psychologically, transplants from other countries, will not possess undying loyalties to America. This alone should disqualify non-Anglo Saxons from the job of president.

How can one truly understand and love this country unless they and their family were born here and lived here for generations? A president must be bonded heart and soul with the soul of America, in order to fight for it. How can new-comers truly identify with America's concerns and needs? Without an allegiance and loyalty to this country they are only an actor doing a job in a puppet presidency. To be president is not a job for just any charismatic con artist who is able to "charm" his way into politics and persuade people to vote for him. True passion for this "land of the free" takes generations to develop. Love for this country must be in their bones and blood and not just in their pleasing platitudes.

For a recent new US citizen to run for president of a country that has not been their country but for a short time is unconscionable and jurisprudently illegal. Should someone just "off the boat" rule the greatest nation on earth because they covet the honor and glory of sitting on the throne of America? They can

instead campaign to be president, dictator or prime minister of the country of their birth, but not America. Americans cannot abide the insecurity and threat of an illegitimate, great-pretender sitting in the oval office taking control of our lives while changing our country into an alien nation according to their alien un-American mind-set and beliefs. We have had enough of that.

The rumor in this election year is that a woman has already been officially elected before the general election and that she is already being trained to be President. But, should a woman be the head of this nation? The fact is, women do not have the authority, emotional stamina, physical strength or God-given right to take on the hardest job in the world as president of this country. This tough demanding job fighting dragons is for a tough strong man because delicate, fragile women were not constituted for this level of stress. Also, women were not given headship over men to usurp the rule, power and authority granted to men, unless there are no men qualified for the job. We are not a matriarchal society. We are a Judeo/Christian patriarchal society! Here's the proof:

1Co 11:3 But I would have you know, that the head of every man is Christ; and the head of the woman *is* the man; and the head of Christ *is* God.

Eph 5:23 For the husband is the head of the wife, even as Christ is the head of the church: and he is the saviour of the body.

Eph 5:22 Wives, submit yourselves unto your own husbands, as unto the Lord.

Col 3:18 Wives, submit yourselves unto your own husbands, as it is fit in the Lord.

A woman is truly privileged to be under the protective umbrella of the headship of a godly man, if she only realized it. Today, few women are biblically submissive. They are mostly in rebellion against this biblical command working themselves into heart attacks trying to compete with men. The entire animal kingdom illustrates this fundamental "natural order" and "rule of the jungle.". What is the rule of the jungle? Males are the "king of the jungle," not females!" "Unto the woman he said,.. thy desire shall be to

thy husband, and **he shall rule over thee.**"^{Gen 3:16} Scripture calls men the "noteworthy sex" and women the "weaker vessel."^{1Pet 3:7} Do we want a "**weaker vessel**" in the White House? Women should feel greatly blessed that men were ordained to be their provider, protector and head of their family. Women submit to men, not men to women! Women's Lib has changed the "natural order" in this country that has resulted in dysfunctional families and a dysfunctional chaotic society without mothers at home raising their children. "*As for my people, children are their oppressors, **and women rule over them.** O my people, they which lead thee cause thee to err, and destroy the way of thy paths.*"^{Isa 3:12} That is why a woman running for president is totally out of order, because women are NOT qualified or eligible to "rule" nations! This was not the Creator's plan for women. The jurisprudential chain of authority cannot be changed without suffering the dire consequences of a self-destructing society.

It is definitely warranted for America to be selective about who enters this country. Protecting America has the highest priority and those that do not like your plan of shutting down part of the internet, or do not like your closing our borders or do not like your stopping immigration to protect America and all its citizens do not have to come here and those who already live here do not have to stay here. **Extreme times call for extreme measures!** America is for those who love this country, who have worked hard to defend it and build it, and who have shed their blood to protect it!

It is quite amazing how your campaign is separating genuine Americans who love this country from blind, foolish, socialist/communist, superficial, negative, unpatriotic, disloyal, parasitic Americans. They come here for the free handouts--free housing, free food, free education, free medical care, free social security checks, unemployment checks, welfare checks, disability checks and then complain and protest they're not being treated fairly. The problem is they did not earn those checks and they did not contribute anything positive to our society but just add to our burdens, crime and national debt. The truth is, foreign immigrants that receive massive government handouts are how Democrats put a Democrat of the "**party of treason**" into the White House. As a result, foreign profligates are often financially better off than our own citizens who were born here, lived here and worked here for generations who built this nation, but who are losing their jobs and homes to foreign invaders.

Our hardworking real Americans are the ones supporting our foreign invaders that burden this country and put Americans in the poor house while foreigners take over our jobs, homes and land. This amounts to the greatest fraud ever perpetrated on American soil! You are right! It is time to take America back!

Those who truly love America believe in you, support you and stand with you! Thank you for laying your life on the line to save our country despite all the powers of evil waged against you! One day this country will wake up from its naive blind stupor and thank you profusely for your unwavering determination to protect and save this country from the den of wolves who would destroy it. Such bravery!

This is from one who is simply pleading for the heart and soul of this Christian God-fearing nation to return to "One Nation Under God" and the glorious godly principles it was founded upon.

Sincerely,

B. Carlson
